

# 120 watt monocrystalline + 50Ah Lithium Battery Smart Solar Power System

## A Certain type of Solar Power System

Using High Efficiency 120 watt A product monocrystalline Silicon Wafer

Conversion Efficiency of 19%

Built-in High Performance Controller Management Chip

Using Ternary Lithium Battery, Safe and Reliable

Deep Loop, Circuit Conversion Efficiency 96%

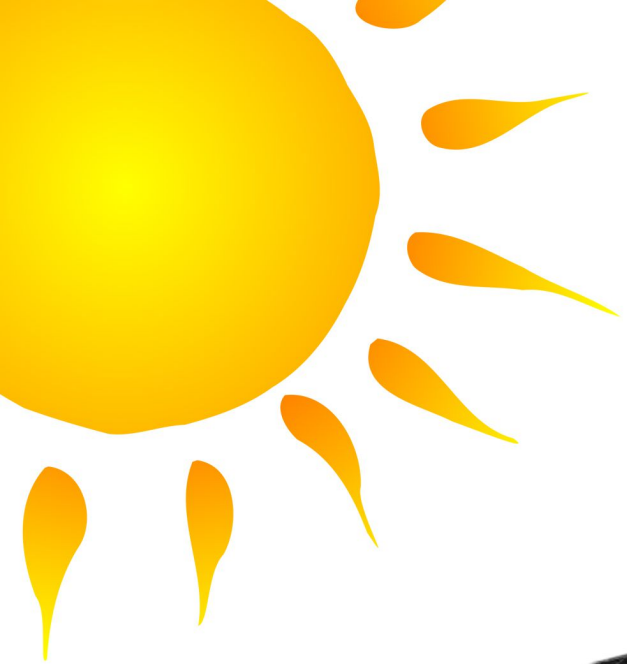

Use IP67 Waterproof, Dustproof and Lightning Protection Design

Easy to deal with rainy weather
