

DFT

AUTOGATE OPERATOR

YOUR RELIABLE PARTNER
FOR QUALITY GATE AUTOMATION

SILENT, STRONG & COST-EFFECTIVE

Model: X2

Engineered for durability,
precision, and reliability –
DFT X9 delivers seamless
automation for both residential

Swing
Gates

Ultra-Silent
Motor

Energy
Efficient

IMPROVES SECURITY | UNBEATABLE VALUE | CONVENIENT | PEACE OF MIND

DFT SERIES

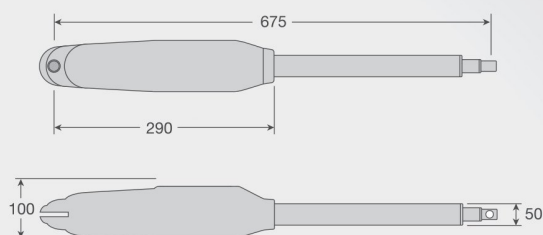

DFT
AUTOGATE OPERATOR

Technical Characteristics

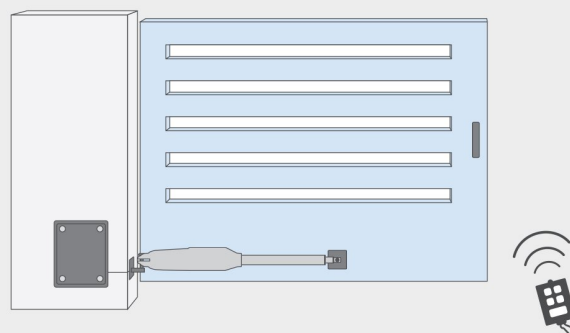

Code	DFT X2
Power supply	230 VAC
Motor voltage	24 VDC
Current input	0.5 A
Leaf max dimension	5 M
Working temperature	-20°C / +50°C
Max weight of gate	500kg
Backup Battery	12 DC 7AH
Travel Time (sec)	8-12 sec
Weight	11kg
Max opening angel	110°
Dual speed	Yes

* Specification is subject to change without prior notice
