

1080P Smart Robot Camera

Features:

- HD picture quality: 2 million HD picture quality, clear and smooth image
- Super night vision: HD infrared night vision, automatic switch day and night
- Cloud control: horizontal 355 ° rotation, vertical up 90 °, wide field of view, can monitor a large range
- Convenient installation: a variety of installation methods (lifting, wall, placement) to meet the needs of different scenes
- Connection mode: support wired and wireless connection mode
- Voice to talk: support two-way voice to talk, communication accessibility
- Intelligent alarm: support intelligent detection alarm, detect abnormal situation timely push alarm message
- Storage management: External TF card slot, maximum support up to 128G, automatic loop coverage after full storage
- Site/360 ° Cruise: 3 position cruising points can be set. Even if no one controls, cruising can be conducted according to the set cruising point or 360 ° cruise.
- Dormancy management: a key turns on dormancy management function, hidden private protection
- Scenarios: Suitable for office, living room, bedroom, etc;

Model:

R-2LR

Parameters:

Model	R-2LR
Camera	
Sensor	200W 1/2.7" high performance sensor
Minimum Illumination	Color:0.1Lux @(F1.2,AGC ON); 0 Lux with IR B/W: 0.01 Lux @ (F1.2,AGC ON),0 Lux with IR
Shutter	1/50(1/60)s to 1/10,000s
Lens	HD professional lens 3.6mm@ F2.0
View angle	horizontal 355 °, vertical 90, down 10 °
Day&night	IR cut filter with auto switch
Compression Standard	
Encoding format	H.264+/H.265X High Profile, JPEG Capture
Coding rate	0.1Mbps~8Mbps
Audio	G.711a
Image	
Max. Image size	1920*1080
FPS	1080P@6fps
Network	
Connection mode	Support WiFi/wired
Features	
The outer TF card slot, the biggest can support 128g、 Support motion detection、 alarm push and linkage、 JPEG snapshot、 support iCSee Application Center.	
Other	
Temperature/Humidity	-10 °C ~50 °C , Humidity less than 90% (non-condensing)
Power supply	DC 5V/1.5A
Consumption	5W MAX;
Dimension	About 109mm*83mm
Weight	About 210g
