Engineered for durability, precision, and reliability – DFT X9 delivers seamless automation for both residential

DFT SERIES

DFT
AUTOGATE OPERATOR

Technical Characteristics

Code	DFT X2
Power supply	230 VAC
Motor voltage	24 VDC
Current input	0.5 A
Leaf max dimension	5 M
Working temperature	-20°C / +50°C
Max weight of gate	500kg
Backup Batery	12 DC 7AH
Travel Time (sec)	8-12 sec
Weight	11kg
Max opening angel	110°
Dual speed	Yes

* Specification is subject to change without prior notice

Control Panel and Accessories

Manufactured by ISO:9001:2008
Certified Company

BUATAN MALAYSIA
MADE IN MALAYSIA
