

Solar Powered & Battery 4G Camera

- * Wireless Battery Powered Security Camera
- * Low Power Consumption Mode is a that allows the device to extend its battery life
- * HD 4MP Video Quality, support night vision.
- * PIR motion sensor with 110° detection angle , accurate motion detection
- * Free P2P cloud service, push alarm to mobile via APP.
- * Support 2-way audio, support TF-card Storage & Cloud storage
- * Support AI function: human detection

Specification

Model No.	SD-MN2340Q-X1D-4GB	
Video	Sensor	1/3" Low illumination CMOS sensor
	ISP	GK7202V300
	Resolution	4MP
	Frame Rate	12fps
	Resolution	2560*1440
	Lens	110° wide-angle
	Night Vision	6pcs IR +6pcs White light
Audio	Type	2-way audio with noise-cancellation
	Hardware	1*Microphone and 1*speaker
Storage	Cloud	Support Cloud storage
	TF Card	TF card maximum 128GB
App	Download	iOS in App Store, Android in Google Play
	Name	iCSee
	Notification	Push notification to Mobile Phone

DFSC SOLUTION SDN BHD

Others	Power	DC5V 1.5A/Solar Panel (Optional)
	Battery	2 × Standard 21700 battery 8000mA
	Power Consumption	Standby mode: 250uA
		Working mode: 300mA
	Temperature & Humidity	-20°C ~ 55 °C&10-95% RH
	weatherproof	IP66
	Size	2 inch
