AUTOGATE OPERATOR

## Technical Characteristics

Code	DFT X6
Power supply	230 VAC
Motor voltage	24 VDC
Current input	0.5 A
Leaf max dimension	5 M
Working temperature	-20°C / +50°C
Max weight of gate	750kg
Backup Battery	12 DC 7AH
Travel Time (sec)	8-12 sec
Weight	11kg
Max opening angel	110°
Dual speed	Yes

\* Specification is subject to change without prior notice
